Summary

Motivated and detail-oriented Frontend Developer fresher with a strong foundation in HTML, CSS, JavaScript, React.js, and Tailwind CSS. Seeking an entry-level position where I can apply my skills to build responsive and user-friendly web applications while continuously learning and growing as a developer.

Skills

- React.js
- Tailwind css
- Css
- Html
- Javascript

Projects

Food Ordering Website (Frontend Project)

- Developed a dynamic food ordering web app using React.js & Tailwind CSS.
- Implemented add-to-cart and real-time updates for better user experience.
- Used component-based architecture for scalability and maintainability.
- Designed a modern responsive UI using Tailwind CSS.
- Managed application state for smooth cart functionality.

Food Menu Website (Frontend Project)

- Developed a responsive food website using HTML, CSS, and JavaScript.
- Designed interactive UI with modern layout and smooth navigation.
- Implemented dynamic features like menu display and user interaction.
- Optimized website for different screen sizes (mobile & desktop).
